

# DoseMe Analytics

Drive productivity and improve the efficiency of your dosing and monitoring program with real-time clinical and usage data.

- ✓ Download a presentation-ready snapshot of the dashboard at any time.
- ✓ Dynamic date ranges and drug model data so you can filter views and compare results.
- ✓ Embedded in DoseMeRx; access online from any web browser.
- ✓ Gain insight into your data with interactive visualizations.
- ✓ Get as granular as seeing data from the day prior.
- ✓ Evidence right at your fingertips, so you can implement beneficial process change.
